FOR IMMEDIATE RELEASE

Sun Pharmaceutical announces launch of generic Ethyol®

Enjoys 180 day marketing exclusivity on this first-to-file ANDA with para IV certification

Mumbai, March 31, 2008: Sun Pharmaceutical Industries Ltd. announced today that it has commercially launched generic Amifostine for injection 500mg, which is therapeutically equivalent to MedImmune's Ethyol®. Sun Pharma's product is being sold in the United States by its marketing partner Caraco Pharmaceutical Laboratories. Sun Pharma had received a USFDA approval for this earlier in Mar 2008. Ethyol® has annual sales of approximately USD 80 million in the US.

Sun Pharma, being the first-to-file an ANDA for generic Ethyol® with a para IV certification, has a 180-day marketing exclusivity.

Ethyol® is covered under 3 patents - '471 (July 31, 2012), '731 (July 31, 2012) and '409 (Dec 8, 2017). This ANDA was filed with para IV certification against all the patents. Medimmune filed a suit in the District Court of Maryland and the case is under litigation.

Ethyol® is a registered trademark of MedImmune Oncology, Inc.

About Sun Pharmaceutical Industries Ltd.

Established in 1983, listed since 1994 and headquartered in India, Sun Pharmaceutical Industries Ltd. (Reuters: SUN.BO, Bloomberg: SUNP IN, NSE:SUNPHARMA, BSE: 524715) is an international, integrated, speciality pharmaceutical company.
