This policy, which encompasses the company's philosophy towards corporate social responsibility and lays down the guidelines and mechanism for undertaking socially useful programs for welfare & sustainable development of the community at large, is titled as the 'CSR Policy for Sun Pharmaceutical Industries Limited'.

1. CSR vision and mission statement

1.1. CSR vision

"We will strive to bring about the holistic development of underserved communities in a sustainable and impactful manner."

1.2. CSR mission

"We will leverage our people, expertise and networks to address the needs of the communities that we serve and thereby catalyze overall development."

2. CSR policy objectives

Drawing from the CSR vision and mission statement of Sun Pharmaceutical Industries Limited the CSR policy has been formulated with the following objectives:

- **Serving the community:** Giving back to the community and addressing their needs is a key priority for the company. The company believes that the progress of the local community should go hand-in-hand with the growth of the company. The company therefore intends to concentrate on the communities immediately around its areas of operation and support their upliftment.
- **Focus on quality:** The Company believes in delivering high quality support to meet the needs of the community.
- **Ensuring sustainability:** The company wishes to introduce interventions in the communities that address critical needs and can become sustainable over a period of time.
- **Leveraging resources:** Leveraging the company's internal resources such as research, marketing, financial, human resources and products to maximise impact in social initiatives.

3. Stakeholder Engagement

The Company will impact and engage the following set of stakeholders in their CSR activities. These stakeholders will participate in the CSR initiatives as beneficiaries, participants and/or decision makers.

The following table lists the stakeholders engaged and their roles / functions:

Stakeholder		Role / function of the stakeholder
Internal	Employees	Employees can volunteer for, champion causes and implement the company's CSR initiatives.
	Management	The management will set the vision for all the CSR initiatives. They will ensure compliance and adherence, encourage innovation and oversee the implementation of the CSR activities.
	Shareholders	No active involvement.
External	Community	The community will be the beneficiaries of CSR activities at the initial stage, but, they will be expected to become the owners and drivers of these initiatives over a period of time.
	Doctors	Sun Pharma's network of doctors and hospitals will be encouraged to participate in the CSR initiatives by contributing their time and expertise and encouraging positive healthcare practices amongst patients and the masses.
	Government	Sun Pharma will collaborate with local and national government agencies to implement the programs and could also provide support to existing government schemes within the causes that the company aims to support.
	NGOs and social enterprises	NGOs and social enterprises could help Sun Pharma with conducting community needs assessment studies, feasibility studies, implementing the CSR initiatives as well as providing monitoring and impact evaluation support.

4. Process

Most of the CSR activities of the company aim to improve the lives of the local community and the company will continue to be responsive to the needs expressed by the community, either explicitly or otherwise. To cater to local, short term and unforeseen needs the company will empower the local CSR team to decide suitable programs. However the local team has to ensure that the programs comply with the following conditions:

- The program has to support the cause, focus areas and address issues listed in clause 4.3, which should always be focused and prioritized, but any other CSR project or programme could also be taken-up on community need-based basis as per items listed under Schedule VII of CSR Rules.
- The cost of each program and such cumulative spend in the financial year cannot exceed pre-determined limits.
- The beneficiaries have to be among the stakeholders mentioned in clause 4.
- The program should not have any conflict with any other CSR program run by the company nor should it duplicate the benefit received by the beneficiaries.

5. Monitoring plan

The monitoring plan for Sun Pharma's CSR programs will include the following:

5.1. Targets to be achieved

The company will decide certain targets to be achieved for impact generation, which will also be in line with the broader company mission and vision.

5.2. Monitoring Process

For each of the programs, the standard monitoring and evaluation framework would be developed. The CSR team would submit monthly performance reports in the format and manner that has been agreed at the beginning of the project execution.

The CSR team will review the reports and engage with the implementing agency, if required to ensure that the programs are on track. The CSR team will submit a quarterly report to the CSR Task Force which in turn will submit it to the CSR Advisory Committee. The report will cover –

- Progress of each program vis-à-vis the timelines, plan and budget
- Beneficiaries covered
- Performance of the external partners
- Problems encountered and solutions if implemented
- Estimated amount that will be spent till the end of the year.

The CSR Advisory Committee will review the progress at least once in 3 months and provide the Board with a report on the CSR initiatives. The Committee will also review the CSR policy and ensure that it is current and relevant. Changes, if any, will be placed before the Board of Directors for approval.

5.3. Impact assessment

The company will ensure that baseline statistics are collected before each program is rolled out and data is collected on an ongoing basis to track impact. The detailed project plan of each program will

also include measuring specific metrics and its comparison with the baseline metrics. All such impact analysis will be reported to the board of directors.

6. Communication and reporting

The company will ensure that it communicates program details and social impact created for the upliftment of the community. CSR program details would be communicated in the public domain through the annual report in the reporting format as mandated by Section 135 of the Companies Act, 2013.

7. Surplus arising out of CSR projects

The programs that the company intends to implement will not give rise to any surplus. However, in case a surplus is earned, then such surplus arising out of the CSR projects or programs or activities shall not form part of the business profit of a company.

8. Exclusions

The CSR activities of the company will not include the activities undertaken in pursuance of normal course of business of a company. Any contribution directly or indirectly to any political party or any religious groups will not be considered as CSR activity.

9. Conclusion

Sun Pharmaceutical Industries Limited is committed to ensuring the implementation of the proposed CSR programs in order to bring meaningful and sustainable development of underserved communities. The company will leave no stone unturned in ensuring that it contributes to the society, which is an integral stakeholder for it.
