Consolidated Financial Statements for the year ended 31 March 2024

## Directors' Responsibilities and Approval

---

The directors are required in terms of the Companies Act of South Africa to maintain adequate accounting records and are responsible for the content and integrity of the consolidated financial statements and related financial information included in this report. It is their responsibility to ensure that the consolidated financial statements fairly present the state of affairs of the group as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with International Financial Reporting Standards. The external auditors are engaged to express an independent opinion on the consolidated financial statements.

The consolidated financial statements are prepared in accordance with International Financial Reporting Standards and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the group and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the board of directors sets standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the group and all employees are required to maintain the highest ethical standards in ensuring the group's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the group is on identifying, assessing, managing and monitoring all known forms of risk across the group. While operating risk cannot be fully eliminated, the group endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the consolidated financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors have reviewed the group's cash flow forecast for the year to 31 March 2025 and, in light of this review and the current financial position, they are satisfied that the group has or had access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the group's consolidated financial statements. The consolidated financial statements have been examined by the group's external auditors and their report is presented on pages 6 to 8.

The consolidated financial statements set out on pages 9 to 37, which have been prepared on the going concern basis, were approved by the board of directors on 21 May 2024 and were signed on their behalf by:

A Ajoodha

DW Brothers

Consolidated Financial Statements for the year ended 31 March 2024

## Directors' Report

---

The directors have pleasure in submitting their report on the consolidated financial statements of Ranbaxy South Africa Proprietary Limited and the group for the year ended 31 March 2024.

### 1. Nature of business

Ranbaxy South Africa Proprietary Limited and its subsidiary has interest in the import, marketing, manufacturing and trade of pharmaceutical goods and services.

There have been no material changes to the nature of the group's business from the prior year.

### 2. Review of financial results and activities

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa. The accounting policies have been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the group are set out in these consolidated financial statements.

### 3. Share capital

There have been no changes to the authorised or issued share capital during the year under review.

### 4. Dividends

No dividends were declared or paid in the current year (2023: Rnil).

### 5. Directorate

The directors in office at the date of this report are as follows:

Directors	Changes
DW Brothers	
A Ajoodha	

### 6. Directors' interests in contracts

During the financial year, no contracts were entered into which directors or officers of the group had an interest and which significantly affected the business of the group.

### 7. Holding company

The group's holding company is Sun Pharma (Netherlands) BV which holds 100% (2023: 100%) of the group's equity. Sun Pharma (Netherlands) BV is incorporated in Netherlands.

### 8. Ultimate holding company

The group's ultimate holding company is Sun Pharmaceuticals Industries Limited which is incorporated in India.

### 9. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

### 10. Going concern

The consolidated financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business

Consolidated Financial Statements for the year ended 31 March 2024

## Directors' Report

---

### 10. Going concern (continued)

The directors believe that the group has adequate financial resources to continue in operation for the foreseeable future and accordingly the consolidated financial statements have been prepared on a going concern basis. The directors have satisfied themselves that the group is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the group. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the group.

### 11. Auditors

Ernst & Young Inc. continued in office as auditors for the company and its subsidiaries for 2024.

### 12. Secretary

The company secretary is Grant Thornton.

## **Independent Auditor's Report**

*To the Shareholders of Ranbaxy South Africa Proprietary Limited*

### **Report on the Audit of the Consolidated and Separate Financial Statements**

#### *Opinion*

We have audited the consolidated and separate financial statements of Ranbaxy South Africa Proprietary Limited and its subsidiary('the group') and company set out on pages 9 to37, which comprise the consolidated and separate statements of financial position as at 31 March 2024, and the consolidated and separate statements of profit or loss and other comprehensive income, consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the consolidated and separate financial statements present fairly, in all material respects, the consolidated and separate financial position of the group and company as at 31 March 2024, and its consolidated and separate financial performance and consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa.

#### *Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements* section of our report. We are independent of the group and company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements of the group and company and in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits of the group and company and in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Other Information*

The directors are responsible for the other information. The other information comprises the information included in the 37-page document titled "Ranbaxy South Africa Proprietary Limited Annual Financial Statements for the year ended 31 March 2024", which includes the Directors' Report as required by the Companies Act of South Africa. The other information does not include the consolidated or the separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### *Responsibilities of the Directors for the Consolidated and Separate Financial Statements*

The directors are responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, the directors are responsible for assessing the group and company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group and company or to cease operations, or have no realistic alternative but to do so.

#### *Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the group and company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group and company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group and/or the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated and separate financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Consolidated Financial Statements for the year ended 31 March 2024

## Accounting Policies

---

### 1. Material accounting policies

Management has considered the principles of materiality in IFRS Practice Statement 2 Making Materiality Judgements, and only those accounting policies which are considered material have been presented in these consolidated financial statements.

#### 1.1 Basis of preparation

The consolidated and separate consolidated financial statements have been prepared on the going concern basis in accordance with, and in compliance with, International Financial Reporting Standards ("IFRS") and International Financial Reporting Standards Interpretations Committee ("IFRS IC") interpretations issued and effective at the time of preparing these consolidated financial statements and the Companies Act of South Africa as amended.

The consolidated and separate consolidated financial statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

The consolidated financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the material accounting policies set out below. They are presented in Rands, which is the group and company's functional currency.

These accounting policies are consistent with the previous period, except for the changes set out in note 3.

#### 1.2 Consolidation

##### Basis of consolidation

The consolidated consolidated financial statements incorporate the consolidated financial statements of the company and all subsidiaries. Subsidiaries are entities which are controlled by the group.

The results of subsidiaries are included in the consolidated consolidated financial statements from the date of obtaining control until the date that control is lost.

The accounting policies of all subsidiaries are the same as those of the parent.

All inter-company transactions, balances, and unrealised gains on transactions between group companies are eliminated in full on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Non-controlling interests in the net assets of subsidiaries are identified and recognised separately from the group's interest therein, and are recognised within equity. Losses of subsidiaries attributable to non-controlling interests are allocated to the non-controlling interest even if this results in a debit balance being recognised for non-controlling interest.

##### Investments in subsidiaries in the separate financial statements

Investments in subsidiaries are carried at cost less any accumulated impairment losses in the separate financial statements.

#### 1.3 Significant judgements and sources of estimation uncertainty

The preparation of consolidated financial statements in conformity with IFRS requires management, from time to time, to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

##### Key sources of estimation uncertainty

# Ranbaxy South Africa Proprietary Limited

(Registration number 1993/001413/07)

Consolidated Financial Statements for the year ended 31 March 2024

## Accounting Policies

---

### 1.3 Significant judgements and sources of estimation uncertainty (continued)

#### Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. For details of the key assumptions and inputs used, refer to the individual notes addressing financial assets.

#### Allowance for slow moving, damaged and obsolete inventory

Management assesses whether inventory is impaired by comparing its cost to its estimated net realisable value. Where an impairment is necessary, inventory items are written down to net realisable value. The write down is included in cost of sales.

#### Impairment testing

The company reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determine the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions. When it is not possible to determine the recoverable amount for an individual asset, management assesses the recoverable amount for the cash generating unit to which the asset belongs.

The company assesses its trade receivables and loans and receivables for impairment at the end of each reporting period. In determining whether an impairment loss should be recorded in profit or loss, the company makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

At the end of the reporting period, the company estimated the expected credit loss as per the following methodology:

- Obtain a historical loss % based on the prior period bad debts written off;
- Obtain a forward looking % (based on probability of default % multiplied the average loss given default %) at which debts are expected to default based on the sector the customer belongs to;
- Determine the age bracket at which point a customer is expected to be at risk of default;
- Add the historical loss % and forward looking % and multiply this by the age bracket from where debt is deemed to be a credit risk, in order to obtain the expected credit loss.

#### Useful lives of property, plant and equipment

Management assess the appropriateness of the useful lives of property, plant and equipment at the end of each reporting period. The useful lives of motor vehicles, furniture and computer equipment are determined based on group replacement policies for the various assets. Individual assets within these classes, which have a significant carrying amount are assessed separately to consider whether replacement will be necessary outside of normal replacement parameters. The useful life of manufacturing equipment is assessed annually based on factors including wear and tear, technological obsolescence and usage requirements.

When the estimated useful life of an asset differs from previous estimates, the change is applied prospectively in the determination of the depreciation charge.

### 1.4 Property, plant and equipment

Property, plant and equipment is initially measured at cost.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the group and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the year in which they are incurred.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and impairment losses except for land which is not depreciated.

## Accounting Policies

---

### 1.4 Property, plant and equipment (continued)

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Machinery	Straight line	5 - 25 years
Fixtures and fittings	Straight line	6 years
Motor vehicles	Straight line	5 years
Office equipment	Straight line	6 years
Computer equipment	Straight line	3 years
Leasehold improvements	Straight line	10% - 33.33% per annum

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting . No material changes were made.

There were no indicators of impairment for property, plant and equipment and no impairment tests were performed.

### 1.5 Intangible assets

Intangible assets are initially recognised at cost.

Intangible assets are subsequently measured at cost less any accumulated amortisation and impairment losses.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Depreciation method	Average useful life
Computer software	Straight line	2 years
Copyrights, patents and other industrial rights, service and operating rights	Straight line	5 years

The useful life and amortisation method of intangible assets are reviewed at the end of each reporting . No material changes were made.

There were no indicators of impairment for intangible assets and no impairment tests were performed.

### 1.6 Financial instruments

Financial instruments are recognised when the group becomes a party to the contractual provisions. They are measured, at initial recognition, at fair value plus transaction costs, if any.

All regular way purchases or sales of financial assets are recognised and de-recognised on a trade date basis.

The material accounting policies for each type of financial instrument held by the group are presented below:

#### Trade and other receivables

Trade and other receivables, excluding, when applicable, VAT and prepayments, are measured, subsequent to initial recognition, at amortised cost.

The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

The accounting policy for impairment of trade and other receivables is set out in the loss allowances and write-offs accounting policy.

# Ranbaxy South Africa Proprietary Limited

(Registration number 1993/001413/07)

Consolidated Financial Statements for the year ended 31 March 2024

## Accounting Policies

---

### 1.6 Financial instruments (continued)

#### Impairment - Expected credit losses and write-offs

A forward looking allowance for expected credit losses is recognised for all debt instruments not held at fair value through profit or loss. Expected credit losses are based on the difference between contractual cash flows due in accordance with the contract and all the cash flows that the company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The measurement of expected credit losses incorporates the probability of default, loss given default and the exposure at default, taking the time value of money, historical data and forward-looking information into consideration.

The movement in credit loss allowance is recognised in profit or loss with a corresponding adjustment to the carrying amount of the instrument through a loss allowance account.

The group writes off an instrument when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Instruments written off may still be subject to enforcement activities under the group's recovery procedures. Any recoveries made are recognised in profit or loss.

#### Trade and other payables

Trade and other payables, excluding VAT and amounts received in advance, are classified as financial liabilities subsequently measured at amortised cost.

#### Cash and cash equivalents

Cash and cash equivalents are stated at carrying amount which is deemed to be fair value.

#### Bank overdrafts

Bank overdrafts are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

#### De-recognition

The group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the group retains substantially all the risks and rewards of ownership of a transferred financial asset, the group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

The group de-recognises financial liabilities when its obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

### 1.7 Tax

#### Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

# Ranbaxy South Africa Proprietary Limited

(Registration number 1993/001413/07)

Consolidated Financial Statements for the year ended 31 March 2024

## Accounting Policies

---

### 1.7 Tax (continued)

#### Deferred tax assets and liabilities

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base used for taxation purposes.

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

A deferred tax asset is recognised for the carry forward of unused tax losses to the extent that it is probable that future taxable profit will be available against which they can be utilised.

When management assess the extent to which it is probable that taxable profit will be available against which potential deferred tax assets can be utilised, they take into consideration that the utilisation of assessed losses are limited to the greater of 80% of the taxable income or R1 million in the year of assessment.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The deferred tax rate applied to assets is determined by the expected manner of recovery. Where the expected recovery of the asset is through sale, the capital gains tax rate is applied. The normal tax rate is applied when the expected recovery is through use. A combination of these rates is applied if the recovery is expected to be partly through use and sale.

Deferred tax assets are reviewed at each reporting date and are reduced if it is no longer probable that the related tax benefit will be realised. Such reductions are reversed when the probability of future taxable profits improves. The review by management has not resulted in the reduction of the deferred tax assets.

#### Tax expenses

The income tax expense consists of current and deferred tax and is recognised in profit or loss.

### 1.8 Leases

The group assesses whether a contract is, or contains a lease, at the inception of the contract.

No contracts were identified that required specific judgement as to whether they contained leases.

#### Group as lessee

A lease liability and corresponding right-of-use asset are recognised at the lease commencement date, for all lease agreements for which the group is a lessee, except for short-term leases of 12 months or less, or leases of low value assets. For these leases, the group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

#### Lease liability

Lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect lease payments made. Interest charged on the lease liability is included in finance costs.

## Accounting Policies

---

### 1.8 Leases (continued)

#### Right-of-use assets

Right-of-use assets are presented as a separate line item on the Statement of Financial Position.

They are measured initially at the initial amount of the lease liability plus upfront payments and initial direct costs.

Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated, from commencement date, over the shorter period of lease term and useful life of the underlying asset.

Refer to the accounting policy for property, plant and equipment for details of useful lives of underlying assets.

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting period. No material changes were made.

### 1.9 Inventories

Inventories are measured at the lower of cost and net realisable value on the weighted average basis.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Write downs and reversals of write downs of inventories are included as part of the cost of goods sold.

### 1.10 Impairment of assets

The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. If the recoverable amount cannot be determined for an individual asset, then it is determined for the cash generating unit to which the asset belongs.

Impairment losses are recognised immediately in profit or loss.

### 1.11 Share capital and equity

Equity instruments issued by the group are recognised at the proceeds received, net of direct issue costs.

### 1.12 Employee benefits

#### Short-term employee benefits

Short-term employee benefits, which consist of paid annual leave and sick leave, bonuses, and medical care, are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

#### Defined contribution plans

Payments are charged as an expense as they fall due.

### 1.13 Provisions and contingencies

The group recognises provisions in circumstances where it has a present obligation resulting from past events, which can be measured reliably and for which it is probable that the group will be required to settle the obligation.

There is always a degree of estimation uncertainty involved with provisions as they are measured at management's best estimate of the amount which will be required to settle the obligation. When the effect of discounting is material, the provision is measured at the present value of such amounts.

# Ranbaxy South Africa Proprietary Limited

(Registration number 1993/001413/07)

Consolidated Financial Statements for the year ended 31 March 2024

## Accounting Policies

---

### 1.13 Provisions and contingencies (continued)

Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in .

### 1.14 Revenue from contracts with customers

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The group recognises revenue when it transfers control of a product or service to a customer.

#### Sale of goods

Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 30 to 90 days upon delivery. The company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., warranties, customer loyalty points). In determining the transaction price for the sale of goods, the company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

### 1.15 Cost of sales

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The related cost of providing services recognised as revenue in the current period is included in cost of sales.

### 1.16 Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

### 1.17 Translation of foreign currencies

#### Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Rands, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are translated at the end of the reporting period using the closing rate.

Cash flows arising from transactions in a foreign currency are recorded in Rands by applying to the foreign currency amount the exchange rate between the Rand and the foreign currency at the date of the cash flow.

Refer to the individual accounting policies for financial instruments for the detailed foreign exchange accounting policies.

### 2. New Standards and Interpretations

#### 2.1 Standards and interpretations effective and adopted in the current year

In the current year, the group has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
<ul style="list-style-type: none"><li>International tax reform - Pillar two model rules - amendments to IAS 12</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>Initial application of IFRS 17 and IFRS 9 - Comparative information</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>Deferred tax related to assets and liabilities arising from a single transaction - Amendments to IAS 12</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>Disclosure of accounting policies: Amendments to IAS 1 and IFRS Practice Statement 2</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>Definition of accounting estimates: Amendments to IAS 8</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>Classification of Liabilities as Current or Non-Current - Amendment to IAS 1</li></ul>	01 January 2023	The impact of the amendment is not material.
<ul style="list-style-type: none"><li>IFRS 17 Insurance Contracts</li></ul>	01 January 2023	The impact of the amendments is not material.

#### 2.2 Standards and interpretations not yet effective

The group has chosen not to early adopt the following standards and interpretations, which have been published and are mandatory for the group's accounting periods beginning on or after 01 April 2024 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
<ul style="list-style-type: none"><li>Lack of exchangeability - amendments to IAS 21</li></ul>	01 January 2025	Unlikely there will be a material impact
<ul style="list-style-type: none"><li>Supplier finance arrangements - amendments to IAS 7 and IFRS 7</li></ul>	01 January 2024	Unlikely there will be a material impact
<ul style="list-style-type: none"><li>Non-current liabilities with covenants - amendments to IAS 1</li></ul>	01 January 2024	Unlikely there will be a material impact
<ul style="list-style-type: none"><li>Lease liability in a sale and leaseback</li></ul>	01 January 2024	Unlikely there will be a material impact

### 3. Changes in accounting policy

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards on a basis consistent with the prior year except for the adoption of the following new or revised standards.

Disclosure of accounting policies: Amendments to IAS 1 and Practice Statement 2

The group adopted the amendments to IAS 1 and Practice Statement 2, which now require that only material accounting policy information shall be disclosed in the annual financial statements. The amendment did not result in changes to measurement or recognition of financial statement items, but management reviewed the accounting policies and made changes to ensure that only material accounting policy information is disclosed.

The following table lists the entities which are controlled by the group, either directly or indirectly through subsidiaries.

#### Company

Name of company	% holding 2024	% holding 2023	Carrying amount 2024	Carrying amount 2023
Sonke Pharmaceuticals Proprietary Limited	70,00 %	70,00 %	905 342	905 342

### 8. Trade and other receivables

#### Financial instruments:

Trade receivables	209 328 006	111 654 932	71 440 912	27 197 341
Trade receivables - related parties	69 215 504	55 593 407	33 479 605	50 261 524
Allowances for discounts, rebates and returns	(1 403 850)	-	-	-
Loss allowance	(11 144 960)	(9 714 063)	(1 718 453)	(566 526)
Trade receivables at amortised cost	265 994 700	157 534 276	103 202 064	76 892 339
Other receivables	957 375	37 938 275	956 717	1 171 717
Non-financial instruments:				
VAT	511 752	-	-	-
Employee costs in advance	144 055	260 990	121 055	253 490
Prepayments	2 470 323	3 036 334	2 470 323	3 036 334
Total trade and other receivables	270 078 205	198 769 875	106 750 159	81 353 880

#### Split between non-current and current portions

Current assets	270 078 205	198 769 875	106 750 159	81 353 880
----------------	-------------	-------------	-------------	------------

#### Financial instrument and non-financial instrument components of trade and other receivables

At amortised cost	266 952 075	195 472 551	104 158 781	78 064 056
Non-financial instruments	3 126 130	3 297 324	2 591 378	3 289 824
	270 078 205	198 769 875	106 750 159	81 353 880

#### Exposure to credit risk

Trade receivables inherently expose the group to credit risk, being the risk that the group will incur financial loss if customers fail to make payments as they fall due.

The group's historical credit loss experience does not show significantly different loss patterns for different customer segments. The provision for credit losses is therefore based on past due status without disaggregating into further risk profiles. The loss allowance provision is determined as follows:

# Ranbaxy South Africa Proprietary Limited

#### Capital risk management

The group's objective when managing capital (which includes share capital, borrowings, working capital and cash and cash equivalents) is to maintain a flexible capital structure that reduces the cost of capital to an acceptable level of risk and to safeguard the group's ability to continue as a going concern while taking advantage of strategic opportunities in order to maximise stakeholder returns sustainably.

The group manages capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain the capital structure, the group may adjust the amount of dividends paid to the shareholder, return capital to the shareholder, repurchase shares currently issued, issue new shares, issue new debt, issue new debt to replace existing debt with different characteristics and/or sell assets to reduce debt.

#### Financial risk management

##### Overview

The group is exposed to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk (currency risk, interest rate risk and price risk).

Consolidated Financial Statements for the year ended 31 March 2024

## Notes to the Consolidated Financial Statements

### 26. Financial instruments and risk management (continued)

The board of directors has overall responsibility for the establishment and oversight of the group's risk management framework. The board has established the risk committee, which is responsible for developing and monitoring the group's risk management policies. The committee reports quarterly to the board of directors on its activities.

#### Credit risk

Credit risk is the risk of financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The group is exposed to credit risk on loans receivable (at amortised cost), debt instruments at fair value through other comprehensive income, trade and other receivables, contract receivables, lease receivables, cash and cash equivalents, loan commitments and financial guarantees.

Credit risk exposure arising on cash and cash equivalents is managed by the group through dealing with well-established financial institutions with high credit ratings.

Credit loss allowances for expected credit losses are recognised for all debt instruments, but excluding those measured at fair value through profit or loss. Credit loss allowances are also recognised for loan commitments and financial guarantee contracts.

The maximum exposure to credit risk is presented in the table below:

Group	2024			2023			
	Gross carrying amount	Credit loss allowance	Amortised cost / fair value	Gross carrying amount	Credit loss allowance	Amortised cost / fair value	
Trade and other receivables	8	282 627 015	(11 144 960)	271 482 055	208 483 938	(9 714 063)	198 769 875
Cash and cash equivalents	11	159 209 619	-	159 209 619	202 661 732	-	202 661 732
		441 836 634	(11 144 960)	430 691 674	411 145 670	(9 714 063)	401 431 607

Company	2024			2023			
	Gross carrying amount	Credit loss allowance	Amortised cost / fair value	Gross carrying amount	Credit loss allowance	Amortised cost / fair value	
Trade and other receivables	8	108 468 612	(1 718 453)	106 750 159	81 920 406	(566 526)	81 353 880
Cash and cash equivalents	11	114 747 115	-	114 747 115	265 563 228	-	265 563 228
		223 215 727	(1 718 453)	221 497 274	347 483 634	(566 526)	346 917 108

#### Liquidity risk

The maturity profile of contractual cash flows of non-derivative financial liabilities, and financial assets held to mitigate the risk, are presented in the following table. The cash flows are undiscounted contractual amounts.

## Notes to the Consolidated Financial Statements

---

### 26. Financial instruments and risk management (continued)

#### Foreign currency risk

The group is exposed to foreign currency risk as a result of certain transactions and borrowings which are denominated in foreign currencies. Exchange rate exposures are managed within approved policy parameters utilising foreign forward exchange contracts where necessary. The foreign currencies in which the group deals primarily are US Dollars, Euros and Yen.

There have been no significant changes in the foreign currency risk management policies and processes since the prior reporting period.

#### Interest rate risk

There have been no significant changes in the interest rate risk management policies and processes since the prior reporting period.

### 27. Going concern

The consolidated financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The directors believe that the group has adequate financial resources to continue in operation for the foreseeable future and accordingly the consolidated financial statements have been prepared on a going concern basis. The directors have satisfied is that the group is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The directors is not aware of any new material changes that may adversely impact the group. The directors is also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the group.

### 28. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.
