

Banking to lead in BFSI jobs generation in H2: Report

MANU KAUSHIK
New Delhi, August 1

THE BANKING, FINANCIAL services and insurance (BFSI) sector is poised to witness a substantial increase in the net employment in the first half of FY25, as per a report by staffing firm Teamlease Services.

In the April to September 2024 period, Teamlease expects the banking sector to register the highest growth in net employment at 7.21% which will be followed by the 5.41% growth in the non-banking financial companies (NBFCs), signifying their ambitious workforce expansion plans.

The other components of the BFSI space – insurance and fintech sectors – too are likely to see growth in H1FY25. For instance, the insurance sector, with a net employment increase of 5.25%, is going to hire more people on account of meeting requirements in regulatory compliance, cybersecurity, and heightened customer engagement, as per the report. The fintech sector, on the other hand, is expected to witness net employment growth of 4.89% which has been attributed to the rise of UPI and the expansion of the open banking ecosystem.

The report highlights that NBFC companies have the highest propensity to expand their workforce. For instance, 65% of respondents plan to increase their workforce while 16% intend to reduce it, and 19% anticipate no change. In the banking sector, however, 60% of respondents have expressed plans to

enlarge the workforce while 20% intend to downsize it, and an additional 20% foresee no changes.

“The banking industry is positioned for growth evidenced by the credit growth for scheduled commercial banks which reached an 11-year high of 15.4% in FY23 compared to 10% in FY22 as well as achieving a three-year high credit deposit ratio of 75.8%. These indicators reflect robust economic activity and borrower confidence,” the report added.

Krishnendu Chatterjee, VP and business head at Team-Lease Services said that the BFSI sector's growth trajectory underscores the critical role of continuous upskilling and technological adoption. “A tech-savvy, adaptable workforce is key to sustaining this momentum. Embracing innovation and fostering skill development will be crucial in meeting the employment demand in the financial services landscape,” he said.

Ujjwala LPG use rises in 2023-24

ARUNIMA BHARADWAJ
New Delhi, August 1

AFTER A DECLINING trend seen after 2020-21, the pandemic year, the number of subsidised LPG refills and new bottles availed by the beneficiaries of the Pradhan Mantri Ujjwala Yojana has started increasing again. According to official data, the per capita consumption of LPG by Ujjwala beneficiaries has improved to 3.95 refills per year in 2023-24 against 3.71 refills in 2022-23.

However, this is still lower than 4.4 refills recorded in FY2020-21 when the government provided up to three refills free of cost in Covid-19 pandemic. As of July 1, 103.3 million PMUY connections have been released across the country, minister of state of petroleum and natural gas Suresh Gopi informed the Lok Sabha. LPG coverage in the country has improved from 62% in April 2016 to near saturation now, according to the government. “Further, OMCs are continu-

ously commissioning new LPG distributorships, especially in rural areas. Since the launch of the PMUY scheme, OMCs have commissioned 7,905 distributorships across the country, out of which 7,325 are catering to rural areas,” Gopi said. The government had launched the scheme in 2016 with an aim to provide cooking fuel to poor households while discouraging the use of traditional kitchen fuels. The target to release 80 mn connections was achieved in 2019. The government now

expects to extend the benefit to 103.5 million households under the scheme by 2025-26.

Last year in August, the government had announced a price cut of ₹200 per cylinder in LPG and decided to expand the scheme with additional 7.5 million connections. In October 2023, it again hiked the subsidy for PMUY consumers by ₹100 taking it to ₹300 per cylinder. In March this year, PM Modi announced a cut of ₹100 per LPG cylinder while encouraging the use of LPG cylinders.

Banking to lead in BFSI jobs generation in H2: Report

MANU KAUSHIK
New Delhi, August 1

THE BANKING, FINANCIAL services and insurance (BFSI) sector is poised to witness a substantial increase in the net employment in the first half of FY25, as per a report by staffing firm Teamlease Services.

In the April to September 2024 period, Teamlease expects the banking sector to register the highest growth in net employment at 7.21% which will be followed by the 5.41% growth in the non-banking financial companies (NBFCs), signifying their ambitious workforce expansion plans.

The other components of the BFSI space – insurance and fintech sectors – too are likely to see growth in H1FY25. For instance, the insurance sector, with a net employment increase of 5.25%, is going to hire more people on account of meeting requirements in regulatory compliance, cyberse-

curity, and heightened customer engagement, as per the report. The fintech sector, on the other hand, is expected to witness net employment growth of 4.89% which has been attributed to the rise of UPI and the expansion of the open banking ecosystem. The report highlights that

NBFC companies have the highest propensity to expand their workforce. For instance, 65% of respondents plan to increase their workforce while 16% intend to reduce it, and 19% anticipate no change. In the banking sector, however, 60% of respondents have expressed plans to

enlarge the workforce while 20% intend to downsize it, and an additional 20% foresee no changes.

"The banking industry is positioned for growth evidenced by the credit growth for scheduled commercial banks which reached an 11-year high of 15.4% in FY23 compared to 10% in FY22 as well as achieving a three-year high credit deposit ratio of 75.8%. These indicators reflect robust economic activity and borrower confidence," the report added.

Krishnendu Chatterjee, VP and business head at Team-Lease Services said that the BFSI sector's growth trajectory underscores the critical role of continuous upskilling and technological adoption. "A tech-savvy, adaptable workforce is key to sustaining this momentum. Embracing innovation and fostering skill development will be crucial in meeting the employment demand in the financial services landscape," he said.

Ujjwala LPG use rises in 2023-24

ARUNIMA BHARADWAJ
New Delhi, August 1

AFTER A DECLINING trend seen after 2020-21, the pandemic year, the number of subsidised LPG refills and new bottles availed by the beneficiaries of the Pradhan Mantri Ujjwala Yojana has started increasing again. According to official data, the per capita consumption of LPG by Ujjwala beneficiaries has improved to 3.95 refills per year in 2023-24 against 3.71 refills in 2022-23.

However, this is still lower than 4.4 refills recorded in FY2020-21 when the government provided up to three refills free of cost in Covid-19 pandemic.

As of July 1, 103.3 million PMUY connections have been released across the country, minister of state of petroleum and natural gas Suresh Gopi informed the Lok Sabha. LPG coverage in the country has improved from 62% in April 2016 to near saturation now, according to the government. "Further, OMCs are continu-

ously commissioning new LPG distributorships, especially in rural areas. Since the launch of the PMUY scheme, OMCs have commissioned 7,905 distributorships across the country, out of which 7,325 are catering to rural areas," Gopi said. The government had launched the scheme in 2016 with an aim to provide cooking fuel to poor households while discouraging the use of traditional kitchen fuels. The target to release 80 mn connections was achieved in 2019. The government now

expects to extend the benefit to 103.5 million households under the scheme by 2025-26.

Last year in August, the government had announced a price cut of ₹200 per cylinder in LPG and decided to expand the scheme with additional 7.5 million connections. In October 2023, it again hiked the subsidy for PMUY consumers by ₹100 taking it to ₹300 per cylinder. In March this year, PM Modi announced a cut of ₹100 per LPG cylinder while encouraging the use of LPG cylinders.

Notes: (1) The above consolidated unaudited financial results have been prepared in accordance with Indian Accounting Standards as prescribed under section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. (2) The above consolidated unaudited financial results have been reviewed and recommended by the Audit Committee and subsequently approved by the Board of Directors at their meeting held on July 31, 2024. The Statutory Auditors have expressed an unqualified audit opinion. (3) The Group's business activity falls within a single operating business segment of engineering products. (4) The Parliament of India has approved the Code on Social Security, 2020 (the Code) which may impact the contributions by the Group towards provident fund, gratuity and ESIC. The Code has been published in the Gazette of India. However, the effective date has not yet been notified. The Group will assess the impact of the Code when it comes into effect and will record related impact, if any, in the period the Code becomes effective. (5) Board of Directors of the Company at their meeting held on March 20, 2024 has approved issue of Bonus Equity Shares in the proportion of 1:1 i.e.1 (One) bonus equity share of ₹10/- each for every 1 (One) existing equity share of ₹ 10/- each fully paid up. The Company has allotted bonus equity shares on April 26, 2024 to the existing shareholders whose names appearing on the record date April 23, 2024. (6) On March 15, 2024, the Company has entered into a Share Purchase Agreement (SPA) and with shareholders of Mabel Engineers Private Limited ("MEPL") for purchase of 100% shares of MEPL for a consideration of ₹ 3,300 Lakhs. Basis the Share Purchase Agreement the effective date of transfer is June 19, 2024 ("Acquisition date"). MEPL is engaged in engineering, fabrication, supply and erection of and delivering solutions for pressure vessels, reactors, storage tanks, silos, heat exchangers, heavy structural components, chimneys and piping systems. As on June 30, 2024, acquisition of MEPL by the Group has been recognised on a provisional basis in accordance with Ind AS 103 'Business Combinations' in the consolidated unaudited financial results for the quarter ended June 30, 2024. Certain information and records pertaining to balances as on acquisition date of MEPL are yet to be made available to the Group by the erstwhile management. Any adjustments to the provisional amounts required to be made on receipt of the complete information, will be recognized during the measurement period of one year, in accordance with Ind AS 103 'Business Combinations'. The Group believes that the resolution of the above matters will not have any material impact on the financial performance of the Group for the quarter ended June 30, 2024. (7) During the quarter ended June 30, 2024, the Company has reassessed the expected manner of recovery of the carrying value of land and has now determined that the land would not be delinked from the business as they form an integral part of the business operations. Consequently, the Company currently does not expect the event of disposal of the land in isolation of business, thereby resulting into no temporary difference between the accounting position and as per tax laws upon such future disposal. Accordingly, the Company has reversed deferred tax liability amounting to ₹ 234.73 Lakhs pertaining to such land in the Statement of Profit and Loss during the quarter. (8) **Standalone information:** [₹ in Lakhs]

*Considering the current market scenario and performance of subsidiary, the Holding Company has accounted for provision for impairment of investment in subsidiary.

A In June 2023, an arbitrator ruled against the Company in a dispute with a customer who had been supplied Gas Turbo Generators (GTGs) procured from a third party as part of a composite contract. The GTGs had failed and the arbitrator ruled that Company must repair and restore them and bear other related costs, estimated in aggregate as Rs. 218.45 crores, including interest. The award has been appealed by the Company in the Bombay High Court. A stay has been granted, for which Company has deposited with the customer Rs. 218.45 crores. The deposit is refundable, with interest, depending on the outcome of the case. The final hearings challenging the award is in progress before the Bombay High Court.
 Pursuant to an independent legal opinion, the Company had made a provision of Rs. 50.63 crores and for the balance amount, no provision had been considered necessary. The Company is reasonably confident of the issue being ultimately decided in its favour.

B During the previous year, the Company sold a vacant plot of land for a consideration of Rs. 135.66 crores. Gain on sale of Property, plant and equipment is disclosed under 'Exceptional Items'.

4. The Company had entered into a Share Purchase Agreement ("SPA") and a Shareholders Agreement ("SHA") on February 06, 2024 with TSA Process Equipments Private Limited (TSA) and its shareholders to acquire 51% equity shares of TSA subject to certain conditions. During the current quarter, the Company has completed the acquisition of 51% equity shares of TSA for a cash consideration of Rs. 71.14 crores. Further, as per the SPA, the Company shall acquire remaining 49% of the equity shares over a period of next two years, subject to certain conditions.
 The Company is in the process of completing the Purchase Price Allocation (PPA) in accordance with Ind AS 103 Business Combinations. Accordingly, as on the acquisition date, it has recognized the carrying amount of assets and liabilities of the subsidiary and the excess of consideration over the net assets/(liabilities) has been recognized as goodwill of Rs. 50.13 crores on a provisional basis.
